

Saint John of God Community Services clg

This is to tell you about the Coronus Virus

You can help to protect yourself from the virus by

1. Washing your hands often
2. Using a bacterial gel
3. Coughing or Sneezing into your elbow

The Symptoms of the Coronus Virus are:

- A cough
- A problem with your breathing
- A high temperature

If you have these symptoms or you are worried you should phone your GP.
